

## AN/PVS-30 | KNIGHT VISION®

### NIGHT VISION WEAPON SIGHT

The Knight Vision® AN/PVS-30 Clip-On bore sighted night vision module designed to be mounted in front of daytime optics to add night vision capability. Mount the AN/PVS-30 onto extended Picatinny rail in front of existing daytime optics, with magnification up to 20x, to enable the nighttime target observation and engagement. It doesn't require any modifications to the rifle, and already installed and zeroed daytime optics. There is no change in zero, shift in eye relief, or cheek weld. The AN/PVS-30 clip-on module is optimized and tested for medium and long-range sniper weapons including .50 caliber rifles and daysights with magnification up to 20x.

#### FEATURES

- BORESIGHTED WITHIN ½ MOA
- MAGNIFICATION UP TO 20X
- RETAINS EXISTING DAYTIME OPTICS ZERO
- NO SHIFT IN EYE RELIEF OR CHEEK WELD
- NO OPTICS OR RIFLE ALTERATION REQUIRED
- ONE AA BATTERY OR ONE CR123
